Cabri G2 Cristal Panel
The shortest way to modern
IFR commercial helicopters

PFD mode with Synthetic Vision (Garmin option)

Moving Map mode with HSI

Garmin G500Txi

The *Cristal Panel* integrates the latest generation of avionics with the Garmin G500Txi 7" touch screen.

All steam gages are replaced by state-of-the-art, fully featured digital equipment.

This makes the Cabri G2 a unique stepping stone to train commercial pilots to bigger helicopters.
